

## **Important information to all drivers and their teams**

### **Competition Area**

Due to safety reasons there will be restricted access to the competition area. Only officials, the drivers and maximum two of their team members will be allowed to enter the startarea. Each team will receive two yellow admission tags for team members, i.e. only the persons with admission tags can follow the driver into the competition area. All other team members will have to stay outside this area.

**All cars/motors must be off use from 21.00 in the evening until 07.30 in the morning.**

### **SPECIAL ATTENTION**

Lifting points and recovery points on the vehicles SHALL be colored and visible.

### **Passengers in the race car**

It is not permitted to have passengers in the racecar while driving. This applies both to the depot area, the competition area and while driving between the areas. Drivers will be fined by deducting 50 points per incident if this is observed by the judges.

### **Time restrictions for complaints**

- Technical complaints: There is a 30 minute period for entering a complaint after the technical inspection is finished.
- Complaints related to the race: Complaints must be entered no later than 30 minutes after the results from each track is published.

### **Cancellation**

Cancellations must be sent minimum 48hr before the race day on e-mail:

[rita.sagb@gmail.com](mailto:rita.sagb@gmail.com) Please confirm on SMS +47 91 74 07 97

### **Free Tickets & Admission Tags**

Entering the area after the gates are manned will only be possible with a valid ticket / admission tag. The drivers have the responsibility for handing out the free tickets & admission tags to its team members.

### **Safety inspection of safety equipment**

Safety equipment will be checked during the technical inspection.

Technicians will respond to drivers that throw their helmets to the ground.

Racecars that have safety belts with “stretch marks” will not be allowed to start the race.

## **Environment policy:**

### **Fueling**

Fueling the racecars is only permitted in the assigned area in the depot.

### **Depot safty**

All team must have their own fire extinguishers next to their racecar.

### **Trash and waste oil**

We expect all teams to keep the area clean and free of trash. There will be handed out one waste bag to every team upon registration. Please leave all trash in the containers or dumpsters before leaving the area.

Barrels for waste oil will be placed in the depot area. To prevent oil and fuel leaking into the sand, the ground under the racecar must be covered when the car is parked.

Covers that are spilled oil on, must be leaved in the environment area.

### **Barbecue grilling in the depot**

This is allowed only if fire extinguishers are placed visibly close to the grill.

### **Depot area**

This year we expect about 30 driverteam and we priority the drivers team place in the depot.

We also have a camp and parking area for visitors within the sandpit.

It is not allowed to park buses or other types of car outside the gate to the sandpit before Friday 4. September kl. 15.30.
